## Description of support or services

Support for the organization of a patient conference Svatováclavská IBD konference 2022 – 18. ročník (English title: St. Wenceslas IBD Conference 2022 – 18th year)

Advertisement in the publication of the patient organization - "Acute conditions in IBD". The brochure provides information to IBD patients on how to proceed during the period of disease relapse or in serious situations of health complications, when it is necessary to take into account the underlying IBD disease.
